Update No. 27

MONTANA STATE LIBRARY
1515 E. 6th AVE.
HELENA, MONTANA 59620

Special legislative session news: the State Library sustained additional cuts of \$30,030 to its operating budget during the session ending July 18. The \$200,000 in interlibrary loan reimbursement was restored after being cut by a subcommittee. Although Governor Stephens' budget proposed cutting \$13,870 from the agency's budget, the Legislature went beyond this. An additional 4% across-the-board cut in personal services imposed on all state agencies will mean a loss of \$16,160 to the State Library. State Librarian Richard Miller expressed dismay at the cuts, noting the agency had sustained a 12% cut overall in addition to the of underfunding of the pay plan by the 1991 legislature, resulting in total cuts of \$82,643.

Parmly Billings Children's Librarian Gaye Walter is helping to develop a multimedia resource package for use by Head Start agencies and libraries. Walter was in Washington, D.C. July 13-15 at the Library of Congress to meet with Head Start, family literacy specialists, representatives of ALA's Association for Library Services to Children (ALSC) and other children's librarians. The project is jointly sponsored by the Center for the Book at the Library of Congress and the Head Start program at the U.S. Department of Health and Human Services. The project's materials and training strategies are to be used in fiscal 1993 by three states and coordinated through their centers for the book.
